THE LANDSCAPE

Nestled inbetween the Val d'Orcia and the Val di Chiana, in the heart of Tuscany, Montepulciano stands out for its rolling hills, often covered with vineyards and olive groves. The ideal place for wellness: natural hot springs, lakes, tracking and bicycle routes. A gentle and genuine environment that offers the healthiest and most delicious wines and meals.

ART & CULTURE

Montepulciano is "the Pearl of Sixteenth Century". The churches, the noble palaces, squares and alleys are made by the most important artists from the Italian Renaissance. The temple of San Biagio is seen as model of Renaissance architecture. The Civic Museum, the Theatre and the Calamandrei Library add to the prestigious cultural life the town has to offer.

WINE & CELLARS

"Montepulciano is the king of wine" said Francesco Redi. The famous *Vino Nobile* and the authentic red wines seduce the world with a prestigious production. In the city of Agnolo Poliziano the wines age in monumental wine cellars caved in tuff. These underground treasures harbour a thousand year-long tradition that only waits to be explored!
